**EMERGENCY ORDER NUMBER 2
PALM BEACH COUNTY COVID-19**

WHEREAS, on March 1, 2020, Governor Ron DeSantis, issued Executive Order 20-51 directing the Florida Department of Health to issue a Public Health Emergency; and

WHEREAS, on March 9, 2020, Governor Ron DeSantis issued Executive Order 20-52 declaring a state of emergency for the State of Florida as a result of COVID-19, and

WHEREAS, on March 24, 2020 Governor Ron DeSantis, issued Executive Order 20-83 directing the State Surgeon General and the State Health Officer to issue a public health advisory to advise senior persons, and persons that have a serious underlying medical condition that places them at a high risk of severe illness from COVID-19 to stay at home. Such conditions include, but not limited to, chronic lung disease or moderate to severe asthma; serious heart conditions; immunocompromised status, including those in cancer treatment; and severe obesity; and

WHEREAS, on March 11, 2020, the World Health Organization declared the spread of COVID-19 to be a global pandemic; and

WHEREAS, on March 13, 2020, pursuant Section 252.38(3)(a)(5), Florida Statutes, Palm Beach County declared a local State of Emergency due to the Coronavirus pandemic, which has since been extended in accordance with applicable law; and

WHEREAS, there is no vaccine or drug currently available to combat COVID-19; and

WHEREAS, to reduce the spread of COVID-19, the United States Centers for Disease Control and Prevention ("CDC") and the Florida State Department of Health ("FDOH") recommend implementation of community mitigation strategies to increase containment of the virus, including cancellation of large gatherings and social distancing between persons in smaller gatherings;

WHEREAS, limitations on gatherings and the use of social distancing to prevent transmission of COVID-19 are especially important for people who are sixty (60) years old and older, and to people with chronic health conditions because those populations are at a higher risk of severe illness, hospitalization and death from COVID-19. However, it appears that everyone, regardless of age or health condition, is threatened by COVID-19 and could be spreading the COVID-19 virus even if not displaying symptoms; and

WHEREAS, the number of COVID-19 cases continues to rise and the goal of the CDC and FDOH is to slow the spread of the COVID-19 virus by requiring and mandating social distancing requirements and encouraging all seniors age 60 and older, and persons with chronic health conditions to stay at home and by encouraging and recommending that persons of all ages avoid groups of persons and stay at home unless serving critical purposes to the community; and

WHEREAS, the tri-county area of South Florida, comprised of Miami-Dade County, Broward County, and Palm Beach County, is a contiguous community with both commercial and cultural continuities, and both Broward County and Miami-Dade County have seen steady increases in the number of COVID-19 cases resulting in increased concern from public health authorities concerning the importance of maintaining social distancing, keeping the elder population at home, washing hands and practicing good hygiene and following the mitigation strategies advanced by the CDC;

WHEREAS, on March 22, 2020, Palm Beach County issued its COVID-19 Public Safety Order No. 1 whereby, among other things, pursuant to subsection two (2) Palm Beach County closed all boat docks, ramps, marinas, and any other venues used for launching any recreational vessels; and

WHEREAS, Palm Beach County issued its COVID-19 Order No. 2020-1a amending and clarifying the March 22, 2020 Order to close all boat docks, ramps, marinas and other venues utilized for launching any vessels to be used for recreational purposes in order to mitigate avoidance of the social distancing mandates; and

WHEREAS, this Emergency Order is necessary because of the propensity of the virus to spread person to person and also because the virus is attaching to surfaces for prolonged periods of time;

WHEREAS, the continuing operation of critical businesses is necessary to provide goods and services to the public, to keep the public healthy and to ensure availability of supplies; and

WHEREAS, this Emergency Order is necessary to protect the lives, health, welfare, and safety of the County's residents from the devastating impacts of this pandemic,

NOW, THEREFORE, IT IS HEREBY ORDERED pursuant to Palm Beach County Code Article II, Section 9-35, as well as the authorities granted to me by the Declaration of Emergency issued by Governor DeSantis in Executive Order 20-52, by Chapter 252, Florida Statutes, by the Board of County Commissioners, and by the Palm Beach County Comprehensive Emergency Management Plan, hereby order as follows:
