

TOWN OF  
**PALM BEACH**  
**MARINA**

OWNED AND OPERATED BY  
**TOWN OF PALM BEACH**

# WE'VE EXPANDED OUR REACH

The one and only public marina in Palm Beach is underway with a brilliant new master plan that works in harmony with the Town's ethos, style and quality of life. It includes a \$34 million renovation and improvements to transform the old Town Docks into a world-class yacht center that will welcome vessels from 60 to 294 feet.

A new 250-ft dock called **Royal Palm** will be added to the existing trio of **Brazilian**, **Australian**, and **Peruvian**, providing 84 state-of-the-art, expanded and enlarged superyacht slips. The marina will feature an improved layout with Bellingham concrete floating docks.
