

Town of Palm Beach

Taxi Permit Lottery Application

Vehicle for hire permit regulations are set forth in Chapter 130 of the Town of Palm Beach Code of Ordinances (see Town’s website for recent ordinances).

All applicants included in the lottery will be drawn and recorded in order. The first 25 applicants selected will proceed with the Town’s permitting process. **Only vehicles with an active permit with Palm Beach County Consumer Affairs will be eligible for permitting.** If an applicant is unable to obtain a Town permit by October 10, 2018, or chooses to withdraw, the original applicant forfeits all rights to that permit and the company submitting the next drawn application will be contacted and will enter the permitting process. This substitution process will continue until such time as the list is exhausted. If this should happen, and the Town still has unissued permits, another lottery will be scheduled.

To participate in the lottery, applicants will pay \$225 per entry, up to \$1,125 maximum. This fee is to be paid by check, a separate payment for each permit. Checks will be held until after the lottery at which time, they will be handled as follows:

- If application is in the first 25 selections in the lottery, the fee is non-refundable and the check will be deposited and used towards any permitting fees
- Checks accompanying applications not in the first 25 selections will be mailed back to the applicant
